

Thriving at Work Assessment

Guiding your business to build a high-performing workplace

Our Assessment provides a clear and in-depth analysis of your organisation's approach to mental wellbeing. It will:

- Highlight your strengths
- Benchmark your approach against evidence-based standards and industry peers
- Provide recommendations for future action

Our workplace experts will talk you through your Assessment results, and help you to target your resources where they are most needed.

All of which enables you to build a high performing, sustainable workplace.

“The Thriving at Work Assessment, and follow up consultancy, has provided us with a clear, structured roadmap that guided our workplace wellbeing efforts.

As a result, we have seen significant improvements in our approach to employee mental wellbeing, and progressed from ‘Committed’ to ‘Excelling’ accreditation, in just a few years.”
